Version 1.1

Status	Type	Short Name
Obsolete	Informational	N/A

This is the official list and summary information of the Jabber Interest Groups.

Legal

Copyright

This XMPP Extension Protocol is copyright © 1999 – 2020 by the [XMPP Standards Foundation](#) (XSF).

Permissions

Permission is hereby granted, free of charge, to any person obtaining a copy of this specification (the "Specification"), to make use of the Specification without restriction, including without limitation the rights to implement the Specification in a software program, deploy the Specification in a network service, and copy, modify, merge, publish, translate, distribute, sublicense, or sell copies of the Specification, and to permit persons to whom the Specification is furnished to do so, subject to the condition that the foregoing copyright notice and this permission notice shall be included in all copies or substantial portions of the Specification. Unless separate permission is granted, modified works that are redistributed shall not contain misleading information regarding the authors, title, number, or publisher of the Specification, and shall not claim endorsement of the modified works by the authors, any organization or project to which the authors belong, or the XMPP Standards Foundation.

Warranty

NOTE WELL: This Specification is provided on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE.

Liability

In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall the XMPP Standards Foundation or any author of this Specification be liable for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising from, out of, or in connection with the Specification or the implementation, deployment, or other use of the Specification (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if the XMPP Standards Foundation or such author has been advised of the possibility of such damages.

Conformance

This XMPP Extension Protocol has been contributed in full conformance with the XSF's Intellectual Property Rights Policy (a copy of which can be found at <https://xmpp.org/about/xsf/ipr-policy>) or obtained by writing to XMPP Standards Foundation, P.O. Box 787, Parker, CO 80134 USA).

Contents

1	Standards Compliance	1
2	File Transfer and Out Of Band data (OOB)	1
3	Security	1
4	Forms	2
5	Text Formatting	2
6	Browsing	2
7	Presence Management	2

1 Standards Compliance

- Michael Bauer / bauer@jabber.com
- Julian Missig / julian@jabber.org
- Terry Smelser / tsmelser@sltscommunications.net
- DJ Adams / dj.adams@pobox.com
- Mike Szczurban / mikeszcz@delanet.com

Determine standards for implementing derivative trademarks (e.g., "100% Jabber Protocol Compliant") and test software and services for compliance.

2 File Transfer and Out Of Band data (OOB)

- Ryan Eatmon / reatmon@jabber.org
- Jer / jer@jabber.org
- Stephen Lee / srlee@myjabber.org
- Jim Powell / PowellJF@navair.navy.mil
- Zad / zadk@mynet.com
- Michael J. Emswiler / memswiler@hotmail.com

Resolve issues around using the jabber:*:oob namespaces, and explore extending them to support additional requirements for managing multimedia streams (SIP). Create additional protocols and methods to assist exchanging OOB data in heterogeneous environments where direct connections are not possible (PASS).

3 Security

- Thomas Muldowney / temas@jabber.org
- Al Sutton / al@alsutton.com
- Rahul Dave / rahul@mozdev.org

Focusing on authentication, message encryption, connection security, etc.

4 Forms

- Ryan Eatmon / reatmon@jabber.org
- Thomas Muldowney / temas@jabber.org
- Adam Theo / adamtheo@theoretic.com
- Mike Szczurban / mikeszcz@delanet.com
- Michael J. Emswiler / memswiler@hotmail.com

To define a new namespace for dynamic forms. Minimally to supplant jabber:iq:register and jabber:iq:search.

5 Text Formatting

- Julian Missig / julian@jabber.org
- Michael J. Emswiler / memswiler@hotmail.com

Will determine the protocol for sending and receiving formatted messages in Jabber (XHTML-Basic)

6 Browsing

- Jer / jer@jabber.org
- Peter Millard / me@pgmillard.com
- David Waite / dwaite@jabber.com

The replacement for agents, including extensible directory lookups and namespace feature negotiation. Defined as a draft protocol but needs additional work.

7 Presence Management

- Dave Smith / dave@jabber.org
- Oliver Wing / owing@vianetworks.co.uk
- David Waite / dwaite@jabber.com
- Rahul Dave / rahul@mozdev.org

- Peter Millard / me@pgmillard.com

Describe in detail how presence management currently works, and work on proposals for things like invisibility.
